

**Kory Rowell, OCT**

Mathematics Teacher

[krowell@scdsb.on.ca](mailto:krowell@scdsb.on.ca)

**Education Background:**

High School: Elmvale District High School

Honour Specialist – Business Studies: Queens University

Bachelor of Education: Nipissing University

Honour Bachelor of Business Administration: Nipissing University

**Professional Background:**

After I graduated teachers college, I headed North to Pikangikum First Nations (24-hour drive from Elmvale) to start my teaching career. I taught mathematics and business studies there for 3 years, I was then the vice principal for 2 years, and I ended my time there developing an attendance program for 2 years. When I came home to Elmvale, I began teaching high school mathematics at the jail in Penetanguishene. COVID shut that job down and it was meant to be because I picked up a position at the greatest school around, EDHS. I am looking forward to creating positive views, mindsets, and habits for my students in math. My goal is to give you all the resources that you will need to live a successful financial life beyond high school. GO ROWDIES!
